Forecast For Wales
Issued by Met Office Exeter
at 0400 on Sunday 07 Feb 2021

++ Valid for broadcast between 0600 and 1800

Headline:
Sunshine with a few snow showers. Very cold.

Today:
A cloudy start with the odd snow shower. Sunny spells developing during the day, especially south and west. The north and east could continue to see the odd snow shower. Cold, with a chilly wind and widespread frost likely. Maximum temperature 4 deg C (39 deg F).

Tonight:
A mostly dry night with clear spells. The odd snow shower possible, particularly towards the north and east of the country. Cold with a widespread frost. Minimum temperature -2 deg C (28 deg F).

Monday:
Monday turning even colder as scattered snow showers, occasionally heavy, move in from the north and east throughout the day. The south likely to remain mostly dry with sunny spells. Maximum temperature 3 deg C (37 deg F).

Outlook for Tuesday to Thursday:
Snow showers in the north Tuesday and Wednesday. Brighter but very cold elsewhere. Thursday largely dry. A band of light rain or snow may arrive from the southwest late Thursday.
